

PHOTO BOOK INSTRUCTIONS

Thank you for your interest in purchasing one of my photo books. These book can be designed using a variety of covers, different colour schemes for the pages, and some of your favourite photos. The following is the process and instructions for my photo books:

Gather the photos you would like to have in your photobook. You can search on my gallery website for photos of you by entering your name in the Search box. Choose the ones you would like to include by adding them to a new Lightbox.

To start a Lightbox, click on the 'Add to Lightbox' button above a photo. For the first photo, you will be asked to give the Lightbox a name so you can then add more photos to that same box.

If you would like to **include a name or note** with any of the photos in the book, add them by clicking on 'Add a Comment' for each photo in large view in the Lightbox.

Once you have chosen the 20-30 photos for your book, click on the 'Share' button at the top left of the page. Enter my email address, photos@lifewithhorses.ca. Ensure the check box 'Allow person to remove, rate, sort and comment on images' is checked. Then click on 'Share Lightbox' button.

Please note that I may not be able to use all of the photos. I will do my best but there may be a chance that not all will fit. When I provide you with the first draft to approve, you can advise me if there is a photo not included that you would really like to have in the book.

I will also need you to email me with the following information:

1. The name of the book design you would like to use. If applicable, please provide the size and colour as well.
2. What colours would you like in your book for the font, etc.? Which is the main colour of choice?
3. Name of rider & horse or a Title for the book, depending on the book design you choose.
4. Advise which photo to be the main photo that will be visible on the cover.
5. Any special text, comments you would like added, special instructions, etc.
6. Your complete mailing address for the printer to send the photo book directly to you.

Your payment for the book must be received prior to the book going to the printer. You can send payments via etransfer or Paypal to photos@lifewithhorses.ca. Pricing can be found on the Products page of my website.

As a **SPECIAL OFFER**... add an additional \$50 to the payment for the book and you will receive all the photos in the book (20-30) as social media digital files too.

If you have any questions or special requests, please email me or get in touch through Facebook or Instagram (@lifewithhorsesphoto).

Thank you again for your interest in my photo books!

Regards,

Janice D. Byer
